PROSPECTUS.

On or about the 15th of September we will commence the publication of an eight-page thirty-two column weekly paper to be called THE ASHEVILLE TOBACCO JOURNAL Devoted, as its name implies, to the tobacco interests of the country and of this section in particular. It will contain complete and reliable market reports, crop prospects and conditions, all improvements in methods of cultivation, handling, marketing and manufacturing; and also all items or news that in any way affects this industry. It will from time to time contain articles by experienced men on subjects that cannot fail to interest or instruct farmers, and especially tobacco planters.

The price of the paper will be in the reach of all—One Dollar per annum—and we trust no planter will fail to subscribe.

Circulating as it will amongst the best class of buyers, it will be a spicedid advertising medium. Merchants, manufacturers and others should note this and act accordingly. Its advertising rates will be reasonable, and quoted on application.
